

DHIA Has A Few Questions For You

Pennsylvania DHIA wants to make new optional reports available that will be useful to help make dairy farming more profitable. We have already started to survey what services other state DHIA's provide for their members. But what we really need to know is what you need as a farmer in Pennsylvania. So, we are asking you to help us.

We would like you to answer two basic questions for us:

- A. What present reports are most useful to you?**
B. What new DHIA reports could you use?

To help us help you, please take a few minutes to answer the following questions and send us your answers as soon as possible. The address of the Pennsylvania DHIA office is listed at the bottom of this questionnaire.

PRESENT REPORTS

* Which of the present basic DHIA reports do you find most useful? Please list them numbers 1 through 5 in order of importance. Leave blank any report that you do not use.

- d. The Life History Sheet.
- e. The Cow Index Report.
