OUR STANDARD TRACTORS AREN'T.

Kubota M-30-Series tractors range from 43 to 76 horsepower. So they're big enough to do all kinds of chores around a farm. And they're loaded with standard features.

For example, wet disc brakes, hydraulic draft, position and combination implement control. Power steering and direct fuel-injection also come standard. You can choose a 2- or 4-wheel drive model.

It's easy to see why we say Kubota standard tractors aren't. They've got all the features you need to take on a big workload. In fact, the only thing small about 'em is the price.

Come in soon and take a look at our new standards.
