Northeast Chicken Parts

Thursday, June 21, 1990

Trucklot buying interest was mixed and irregular. Supplies of skinned boneless breasts were uneven but fully adequate for most buyers needs. Whole breasts were adequate to fully adequate for a light buyer interest and bids and an occasional sale were noted at lower levels. Legs were fully adequate to ample with spot offerings in the mid-thirties in load volume. Demand for leg quarters continued to build and supplies tightened but remained adequate overall. Wings were in closest balance but about adequate. Giblets were fully adequate to ample.

Delmarva Broiler-Fryer Market

Thursday, June 21, 1990

Movement of ready to cook whole fryers was generally fair. Supplies were irregularly distributed and ranged close to fully adequate. Less than trucklot asking prices were higher at 55-67 cents. Live supplies were adequate with average live weights in a desirable range. Processing schedules today were heavy. The sentiment was fully steady at most points. In the parts complex, supplies of cutlets and legs were fully adequate, whole breasts were at least adequate for the cautious buyer interest, leg quarters were adequate and confidently held, and wings were about adequate and clearing but buyer interest slowed from early week.

N.Y. & Phila. Frozen Eggs

June 19, 1990

The market tone was fully steady to firm on both whole eggs and yolks while barely steady to weak on whites. Trading was spotty as buyers resisted the higher asking prices and sellers were reluctant to waver. Raw materials increased in their availability but further processors were selective and had sufficient stocks to maintain desired schedules. Current inventories were generally adequate for trade requirements.
