Hey! Folks

If your cows are slipping and falling, it ain't my fault because I have a machine called a Scabblar that will fix that concrete so your cows won't keep slipping all the time.

We've got service all around this section of the country, and I have a fellow just jumping to do your job mighty fast.

And that ain't all, our prices are right reasonable, and if you're a tightwad we'll let you do the job yourself if you've got over 500 square feet. It can save you right smart a money.

So call me on my nickel at 800-692-0123. If I'm not by the phone, some real live person will take your number, and I'll try to get back to you real soon. Usually somebody is awake in this outfit, so you just call any time day or night. But, please mind the Lord, and don't call on Sunday.

Just one more thing. We fellows make our living doing this kind of work, and we've got children to feed and bills. That's our side of it, but you've got such things too. A lot of people tell us that this Scabbling saves a whole lot more than it costs. So go ahead and do it. It'll put shoes on everybody's feet.

Be looking to hear from you folks right soon.
