

# PSU Dairy Science Club Gains National Recognition

RALEIGH, NC — Nine members of the Penn State Dairy Science Club traveled to Raleigh, North Carolina on June 24-27 to participate in the Student Affiliate Division of the American Dairy Science Association. Club members attending were: Bob Barley, Conestoga; Bill Curley, Montrose; Karen Fessler, Robeson, Mary Ann Keith, Entriken; Jill Kutz, Tunkhannock; Marj Shearer, Port Royal; Shelia Swailes, Willow Hill; Sharon Wagner, Ellittsburg; Tom Wiker, Holtwood.

The Club was judged No. 2 in the Nation among University Dairy Science Clubs. This recognition is based on the Clubs activities during the year and on its involvement in ADSA. The Dairy Science Club has many activities during the year including the Nittany Lion Fall Classic, Christmas Cheese Sale, Spring Judging Contest, Dairy Exposition, Dairy Day at the Mall, and many others.

In the undergraduate paper pre-

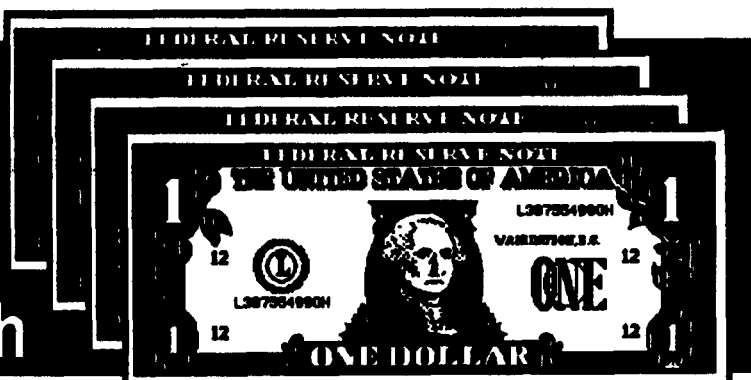

sentation contest, Jill Kutz placed first in the Dairy Foods Division with a talk on Dairy Promotion. Mary Ann Keith placed second in the Production Division with a talk on bST. The Clubs yearbook, *The Penn State Dairyman* was judged No. 3 in the Club yearbook competition. Bob Barley made an excellent presentation on the Clubs consignment sale — *The Nittany Lion Fall Classic*.

In addition to these accomplishments, four students were recognized at the meeting for outstanding scholarship: Ross Hershberger, Martinsburg; Bob Rider, State College; Robert Mowry, Roaring Spring; and Robert Davis, Cochranville. Ross Hershberger was also officially announced as the second place winner in the prestigious Dairy Shrine's National Student Recognition Contest. This is the highest a Penn State student has placed in this National Competition since 1975.

Members of the award winning Penn State Dairy Science group that attended the recent American Dairy Science Association Annual Meeting in Raleigh, NC were: front row (left to right) Shelia Swailes, Willow Hill; Sharon Wagner, Ellittsburg; Karen Fessler, Robeson; Mary Ann Keith, Entriken. Back row (left to right) Marj Shearer, Port Royal; Bob Barley, Conestoga; Tom Wiker, Holtwood; Bill Curley, Montrose; Jill Kutz, Tunkhannock.

Your old pulsators could be worth \$25 each

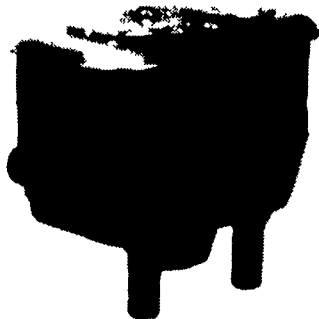

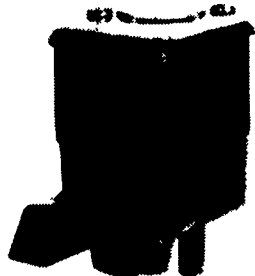

when you trade up to SURGE Electronic Pulsation

Surge Electronic Pulsation provides day-to-day dependability with a minimum of maintenance. You get consistent, accurate pulsation for a more efficient milking job. The Surge Solid State Pulsation Control works with Surge Direct-Acting pulsators to deliver a positive and uniform pulsation over a wide range of operating conditions. It provides either 50 or 60 pulses per minute and 50/50, 55/45, or 60/40 milk/rest ratios.

Choose either Alternating or Single-action Pulsators

**Surge Single-Action Pulsator** is compact and easy to handle. It utilizes a single coil and plunger assembly to milk all four quarters simultaneously. It has no diaphragm and is easy to inspect and service.

**Surge Alternating Pulsator** has twin coils and plunger assemblies to allow front and rear quarters to be milked at alternate times. Both types of pulsators are available in either moveable or stationary mounting models, for use in milking parlors or stanchion barns.

Participating Surge dealers are offering a special trade-in allowance for any type or brand of pulsator and/or stall cock, when exchanged for new Surge Direct-Acting Pulsators and/or automatic stall cocks.

This offer ends July 31, 1990. So act now, and call your Surge dealer to update with a new Surge pulsation system.

**PULSATOR TRADE-IN VALUE \$25 EACH**

**STALL COCK TRADE-IN VALUE \$5 EACH**
