**MAKE YOUR DEAL BEFORE OCTOBER 25, 1990 - CASH OR WAIVER OF FINANCE & SAVE A BUNDLE! GOOD GEHL MOWER CONDITIONERS**

Gehl keeps it simple. Gehl products have been responsive to farmers' needs for over 130 years. And in that time we've gained a reputation as a leader-introducing innovative products that stress performance and reliability.

Design simplicity translates into less downtime. That means your Gehl equipment will operate at its maximum cost effectiveness well into the future.

**ONLY \$7,980 9' w/Hydraulic Swing-Eligible For Waiver**

Gehl's mower conditioner line continues that tradition. Uncomplicated sickle and conditioner roll drive systems deliver extra cutting force and thorough conditioning with fewer moving parts.

With Gehl mower conditioners you get:  
 • High speed cutting. At up to 1640 strokes per minute, you'll get through tough cutting conditions with ease.

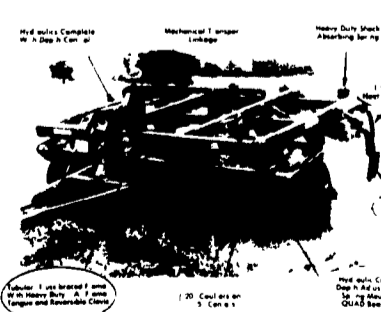

- Outstanding conditioning. Ultra fast drying times—a result of intermeshing rubber rolls with intermittent ribs that provide more working edges than continuous ribbed rolls.
- Three point flotation support. Lateral and vertical flotation for clean cutting in uneven fields and fast return for cutting protection from field obstructions.

- Easy serviceability. Simple design, easy adjustments, lower maintenance, and less wear. Gehl mower conditioners are available in 7' and 9' foot conventional models or 12' and 14' foot wing frame units.
- Tuck the Gehl mower conditioner that fits your operation. We're sure you'll agree that the best idea is usually the simplest—like Gehl mower conditioners.
