

Introducing the M-F 8450 and M-F 8460.

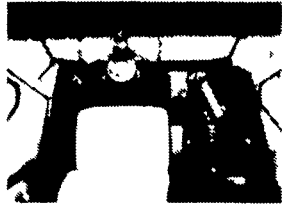

THE NEWEST NUMBERS IN COMBINING. FROM THE OLDEST NAME IN COMBINES.

The people who invented self-propelled combines now bring you two new high-capacity, conventional combines that lead the field in performance, features and peace-of-mind.

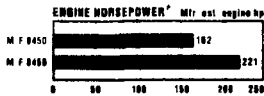

Look to a name you know and trust for the quality and features you need.

- ▶ Hydrostatic drive simplifies operation
- ▶ Wide-view cab gives an unobstructed view of the cutterbar
- ▶ Electronic harvest monitor displays how every stage of the combine is performing
- ▶ Choose 6-row corn head rigid or flexible bottom grain headers and a windrow pickup header
- ▶ Trained M-F dealer service people and the M-F parts network

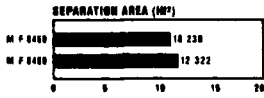

We've woven an ingenious low-rate M-F financing or a rental plan to meet your needs. See us soon to learn more about the best values around in M-F tractors, combines and implements.

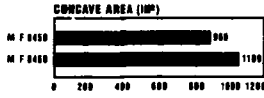

Spacious, center-mounted cab is dampened and insulated for less than 80-dB sound levels.

Reliable Mercedes-Benz diesel engines deliver lots of torque on very little fuel.

Positive Separation Process utilizes every inch of separation area.

Torque sensing cylinder plus in-cab mounted front and rear concave adjustments let you harvest faster and cleaner.
