WAIT!

Having roofing problems? Considering a new roof in the next 3-5 years? Before investing big dollars in an expensive new roof consider **Poxy Coat II!**

- Poxy Coat II** is good for most roofs.
- extremely flexible for long life
 - is heat resistant up to 1000°.
 - resists acid rain
 - seals and protects
 - comes in seven colors, plus black and white
 - a fraction of the cost of a new roof.

For more information and a free estimate and consultation on coating your roof with **Poxy Coat II** contact:

Paul Brosey at (717) 426-3833 or Steve Bowman at (717) 684-8642

Paul Brosey Contracting also does painting, barn restoration and roof replacement.

PLY-FOIL is a very efficient form of insulation. In application after application it has proven to be extremely effective at controlling heat gain/loss, thus significantly reducing heating and cooling costs. PLY-FOIL Insulation uses an aluminum foil to reflect up to 97% of the radiant heat.

PLY-FOIL BENEFITS
 PLY-FOIL products are clean, lightweight, and non-toxic; are unaffected by changes in humidity; do not shrink; and once installed require no maintenance. They do not promote the growth of fungi or bacteria, and provide no nesting support for rodent or insect pests. PLY-FOIL, which has a Class A/Class 1 fire rating, meets the fire and smoke safety requirements of most federal, state and local building codes.
