

FORD NEW HOLLAND

Comin' On
STRONG

**Introducing
Ultra-Command™ powershift...
the shortest distance
between two points.**

Only on new Ford 8030 Series tractors

Simpler, straight-line shuttling between forward and reverse is only the most obvious advantage of new Ultra-Command™ powershift. The real advantage is this: it's the smoothest, easiest-to-use powershift ever.

With Ultra-Command™, any shifting action takes just a single movement of the lever. You can even pre-select the gears you want to work in before you start—it takes only seconds. And with 18 forward gears and 9 reverse gears, you get more working speeds to choose from.

Four models are available: Model 8530 (105 PTO hp), Model 8630 (121 PTO hp), Model 8730 (140 PTO hp) and Model 8830 (170 PTO hp). Ultra-Command™ is available on the three larger models.
