CHIMNEY PROBLEMS?

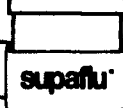

Supaflu Fights Hot Chimney Fires Before They Begin.

Creosote build-up, cracked chimney tiles, decaying mortar and hog trapped gasses. This is the way dangerous and damaging chimney fires start. A trained Supaflu chimney professional can spot these hazards in a hurry and take care of them almost as fast. A fast cast-in-place Supaflu installation makes your chimney better than new, safer than new. A smooth, strong Supaflu lined chimney fights creosote build-up and eliminates hot trapped gases, dramatically reducing chimney fire dangers.
