Dear Dairy or Beef Producer:

I would like to extend a very personal invitation to you to attend the CARGILL special meeting on the new ideas in corn hybrids for beef and dairy producers. Dates and details are included in the accompanying information.

You may find it strange that I would invite you to a meeting when I am part of the program. I am writing this letter because for some 40 years we have worked together for improved feeding of cattle. At the Georgia Experiment Station we began work on the need for and programming of fiber for dairy cattle in 1964. Many of you have sat through my seminars on the subject. In Hoard's Dairyman articles, I have been talking about the need for special corn hybrids for silage for dairy cow. CARGILL has taken the initial step in this direction and you need to hear their story and see what they are trying to do for you.

I am happy to have been asked to come along and talk about THE IMPORTANCE OF FORAGE QUALITY TO THE DAIRYMAN OF THE 90's. I think you will find some new ideas in my report.

So, let's get together for a few hours and talk about new ideas in feeding dairy cows. I will look forward to seeing old friends and making new ones.

Warm personal regards.

Sincerely,

Marshall E. McCullough

Forage Quality Seminar

Tuesday, Nov. 13th, Country Table, Mt. Joy, PA
Wednesday, Nov. 14th, Holiday Inn, 181 Chambersburg, PA
Thursday, Nov. 15th, The Ranch House, Claysburg, Pa.
