your business*

Now Get Alcide  
Germicidal Technology  
In A Pre/Post Teat Dip.

4XLA™ Teat Dip is designed for producers who use a pre/post teat dip. Why not benefit from the kind of results only Alcide's unique formulation can deliver? 4XLA offers you four distinct advantages:

1) **Broad Kill**  
4XLA delivers a broad kill of the harmful microorganisms now known to cause mastitis—not just some of them.

2) **Faster**  
4XLA kills faster—in only seconds. Quicker kill means less time in udder preparation and that cuts labor costs.

3) **No Iodine**  
4XLA means no possible iodine contamination to milk or to the environment because 4XLA contains absolutely no iodine.

4) **Double Duty**  
4XLA is used as a pre dip by some operations, while others use it only as a post dip. Use it for either, or both—the same product does double duty. That saves money!

Use 4XLA Pre/Post Germicidal Teat Dip, exclusively from American Breeders Service.

4XLA™ Brand 4XLA™ Germicidal Teat Dip is a product of Alcide Corporation
