New York and Philadelphia Frozen Egg Report

DECEMBER 18, 1990
Prices continued to climb in view of rising costs. Trading activity was limited and sellers held available offerings with confidence. Raw materials were also scarce and when needed were usually bought at a premium. Floor stocks were in close balance, but generally sufficient for needs.

Wednesday, December 19, 1990
Movement of ready-to-cook broiler fryers was generally fair, and about as expected for mid-week trading. Supplies were more than adequate for the current disappointing demand. Less than trucklot asking prices were lower at 40-59 cents. Live supplies were adequate. Average live weights ranged desirable to heavy. Processing schedules were heavy. Trade sentiment was barely steady. In the parts complex, wings remained in the strongest position. Legs and leg quarters and breast items were fully adequate.

Offerings usually exceeded current needs except for the wings which in some instances were short of needs.
