

QUALITY FARM EQUIPMENT

**HARVEST
YOUR CROP
ON TIME.**

MORIDGE

MORIDGE MANUFACTURING, INC.
BOX 810 • MOUNDRIDGE, KANSAS 67107
TELEPHONE (316) 345-6301

Don't gamble on losing any part of your crop due to a late harvest. Take advantage of all favorable cutting days. Consider the new major advantages of owning a NEW Moridge Grain Dryer.

VERSATILITY - completely portable - can be set up and operating in minutes as a completely self-contained drying system or to add capacity to your existing bin drying system. Your choice of model 8330 (280 bu. cap.), 8440 (405 bu. cap.) or the **LARGEST RECIRCULATING DRYER** on the market, the model 8770 (700 bu. cap.).

HIGH CAPACITY - keeps you harvesting in conditions that stop other dryers. Unsurpassed high moisture grain drying capability.

ECONOMY - lower initial investment. Owners report "Pays for itself in first year". Practical design that includes positive drive, solid state control, and integral burner engineered for maximum energy efficiency plus quick and simple servicing.

MAXIMUM RETURN - lets you sell evenly dried, top quality grain at peak market prices. Clean as you dry with optional grain cleaner attachment.

BUSTER BAR MINIMUM TILLAGE EQUIPMENT
Midwest BAR

Midwest Ind., Inc., Ida Grove, Iowa 51445

For fuel economy and better incorporation put a "Buster-Bar" on your chisel plow, disk, field cultivator or plow. The **NEW** design provides easy adjustment for working or transport positions. The 7/8" diameter teeth bust clods before they dry and harden. Mounted to wing section to fold with unit.

LIFT HARROW *Midwest*

Midwest Ind., Inc., Ida Grove, Iowa 51445

Clods, weeds, ridges, tracks - you get a second crack at them with one pass with a **Lift-Harrow** on your disks, field cultivators, or chisel plows. Teaming your tillage equipment with **Lift-Harrow** gives you the extra quality tillage it takes to make the most of seed, moisture and chemical incorporation.
