

# A FAMILY OF TURF CARE SOLUTIONS — FROM GOOSSEN —

## GOOSSEN VAC'N'LOAD— FOR ONE-PASS MOWING AND CLEAN-UP.

Goossen Industries' Vac 'n' Load can be used with most mid-mount or front-mount rotary mowers for mowing and clean-up in a single pass, saving clean-up time and minimizing compaction. The 128 cu. ft. trailer tilts for easy unloading.

The versatile Goossen Rake 'n' Vac System lets you start with just the components you need.

Optional adapters make switching back and forth a snap. And ask about our special hose attachment that makes the Power Vac ideal for the application of mulching materials.

Call us toll-free at 1-800-228-6542 and we'll rush you more information about Goossen's line of turf care and ground-keeping products.

## GOOSSEN POWER RAKE 'N' VAC— CLEANS A 5-FOOT SWATH!

The Goossen Power Rake 'n' Vac rakes and sweeps a 5-foot swath. The PTO-driven flexing flail unit has a floating deck, riding on 10" rollers. An 11 H.P. engine runs the Vac, which also accommodates a hand-held hose for use in ditches and areas where obstacles prevent tractor/flail unit access.

## GOOSSEN BALE CHOPPER— THE MULCHING SOLUTION.

Goossen's Bale Chopper—the "Mulching Solution"—is available in PTO models (with built-in bale carrier) and 11- H.P. self-powered models that fit easily into the back of a pick-up. The Goossen Bale Chopper takes less than 60 seconds to uniformly shred and apply a full bale of straw.
