Northeast Chicken Parts

Wednesday, January 2, 1991

NORTHEAST BROILER/FRYER PARTS: PART 1 OF 2: FEDERAL-STATE: Trucklot buying interest was mixed and selective and fairly good overall. Supplies of boneless skinless breasts were adequate and generally well balanced at today's higher prices. Whole breasts were adequate to barely adequate and spot trades were noted with premiums. Legs were adequate. Leg quarters were no more than adequate for the fairly heavy retail promotions in place. Wings remained short, particularly yellow supplies. Thighs and drums were at least adequate; however, buyers interest centered more on thighs and some sellers offered package deals on both items.
