Poly Dome Means Healthier Calves.
All-Season

Raising calves is no easy chore! But dairymen everywhere have discovered the benefits of raising their calves in Poly Dome Calf Nurseries. In fact, Poly Dome is the first choice of dairy farmers throughout the United States and Canada. After comparing Poly Dome Calf Nurseries with modified wooden hutches, the University of Minnesota-Morris found that Poly Dome calves were healthier and grew faster than calves kept in wooden huts. And Poly Dome is now being tested at several universities across the country with similar results.

According to a study at Vermont Technical College, this rotatable air vent distinguishes Poly Dome from other huts on the market.

POLY DOME 60 (H) x 86 (D)

POLY SQUARE 5x76"

MINI DOME 72 (D) x 68" (H)

DON'T ELIMINATE PROFITS!

Poly Dome will help put money back into your pocket faster. Why risk burnt lungs, frozen ears and tails? Poly Dome will help eliminate ammonia build-up. Your calves will be healthier and they'll grow faster. Your heifers will be part of your money-making milking herd sooner. And with three different dome styles to choose from, you can select the one that works best for you. Poly Dome, Poly Square or Mini Dome.
