Wet brewers grain is more than a good feed. It's a good business ingredient.

Each day, up to 100,000 U.S. dairy cows fed on rations containing wet brewers grain. That's because their owners know it minimizes feed costs while it maximizes production. Wet brewers grain is a high-protein feed ingredient. It's always fresh, because it's delivered directly to your dairy. It fits into most programs, is easy to handle, and easy to store. Call us today. One of our professional feed consultants will help you work wet brewers grain into your ration, so you can make it a profitable ingredient for your business.
