

Weight loss, resulting in poor body condition during early lactation, cuts down her ability to make milk and your ability to make money.

Ultra:Lac 22 combines the unique benefits of Megalac™ rumen bypass fat with a specialized blend of proteins, vitamins, minerals, sodium bicarbonate, even flavor enhancers, to remove the major limiting factors that could be holding back your top producers.

Ultra:Lac 22 is an enriched "package" of top-dress feed supplements

designed to work together to increase peak production and lactation persistency. And because it's a top-dress, you can feed it to cows that need it most — top producers, thin cows, problem breeders.
