

**KRAUSE**

**america's  
best built...**

In 1916 Henry Krause built his first one-way plow in a small farm shop in Western Kansas. His neighbors saw the plow, were impressed with its value as a specialized tool for their farming conditions, and asked Henry to build more.

From that humble beginning in a small farm shop in Meade County, Kansas, the Krause Plow Corporation has grown into one of the world's top manufacturers of tillage equipment. In 1988, Fortune Magazine recognized Krause as "**AMERICA'S BEST**" tillage equipment manufacturer in an article devoted to the "100 Products That America Makes Best."

At C.B. Hooper & Son, Inc. we're privileged to sell "America's Best Built" tillage equipment here in the East.
