Available With 3 To 7 Day Delivery

PLY-FOIL is a very efficient form of insulation. In application after application it has proven to be extremely effective at controlling heat gain/loss, thus significantly reducing heating and cooling costs. PLY-FOIL Insulation uses an aluminum foil to reflect up to 97% of the radiant heat.

PLY-FOIL BENEFITS

PLY-FOIL products are clean, lightweight, and non-toxic; are unaffected by changes in humidity, do not shrink; and once installed require no maintenance. They do not promote the growth of fungi or bacteria, and provide no nesting support for rodent or insect pests. PLY-FOIL, which has a Class A/Class 1 fire rating, meets the fire and smoke safety requirements of most federal, state and local building codes.
