Way Brite Farm Perry 29-Grade
Way Brite Farms, Gettysburg, PA

Perry was STUD sampled by ABS with the majority of his daughters in the Northeast. ABS is using him as a contract sire. Those who are breeding for index, need to consider this bull. All non-STUD proven bulls above him for protein pounds are minus on udder composite. Perry is +.97 for udders composite and +.00 for feet & legs composite. Rarely do you find a big production bull with good udders and sound feet & legs.

My personal observation of many daughters are that they are short with sound structural confirmation. He is coded as frail but the daughters have plenty of bone and hold their flesh well during peak production. Therefore it is my opinion that they are coded frail because of stature rather than lack of bone or strength.
