ENGINE DESIGNS THAT MAKE EVERY DROP COUNT

2755 Tractor

STOP IN TODAY.

Come check these 65- to 95-hp tractors for outstanding economy! Especially fuel economy. It's due to John Deere features like a manifold design that keeps intake air cooler, low friction high ring pistons, low rpm. Plus other engine features that skip on fuel but not on power. You've got a steep torque rise of up to 24 percent for great power reserve at 80 percent of rated engine speed.

Ask for a demonstration and see. Then check over the other standard features. They'll make you wonder why we call them economy tractors until you see the prices.
