## Total performance for big crop harvesting

You get total performance when you harvest your crops with a Model 900 forage harvester. Total performance begins at the cutterhead. The 12 knives of the 21-inch cutterhead give you uniformly cut, high-quality forage. Other features on the "900" include:

- Metalert II® electronic metal detector (optional)—protects cutterhead and your valuable animals.
- Electromagnetic clutches—give instant response in controlling feedroll and attachment drives.
- Easy-adjust shearbar—makes adjustment fast and precise.

## The ultimate 9-foot mower-conditioner

The "492" gives you the best in mower-conditioning:

- Great conditioning from chevron-design intermeshing rubber rolls.
- A close, even cut from a lightweight header that "floats" over obstacles.
- Easy-change bolt-on knife sections.
- Plug-free conditioning from torsion bar roll pressure.

Best of all, it carries the most famous name in haymaking equipment—New Holland. And we provide complete parts and service backup.

Come in and see it today.
