WARNING! ALL SILO OWNERS!

Check your silo now for rotten staves. If you have been using your silo for 10 to 15 years for either corn silage or haylage, it is time to SHOTCRETE.

CONSIDER THE MANY ADVANTAGES OF POURED CONCRETE

TO ALL DAIRYMEN AND LIVESTOCK PRODUCERS WHO NEED A SILO FOR THIS YEAR'S FALL CORN CROP...

WE WANT TO HELP!!!!

Contact us soon to discuss "special discounts" for early orders on silos for fall. During the "lull" between our busy spring season for wilted hay storage and the even busier fall season - we are anxious to help during this period when milk prices and cattle prices are down.

"NOW IS THE TIME TO MAKE YOUR BEST DEAL ON A POURED CONCRETE SILO FOR 1991."

Don't wait too long because a good hay crop (mostly in the silo or barn) and good rains signal a busy fall silo-building season.

Since 1908, SOLLENBERGER SILOS CORP. has been providing the Silo Structures now in demand by more and more farmers concerned about "silage quality." "Nothing keeps feed better than our poured concrete silos."
