WHAT MAKES A SAYLOR-BEALL AIR COMPRESSOR?

Disc type valves increase efficiency and lengthen life
 Finned cast-iron inter-cooler maximizes cooling and lengthens life.
 Rugged cast-iron cylinder head withstands stress from heat.
 Threaded plugs simplify access to valves
 Replaceable needle bearings lengthen rod life and simplify service.
 Precision honed cylinders increase efficiency and oil control.
 Four piston rings increase efficiency and oil control.
 Centrifugal unloader provides no-load starting.
 Two oversized tapered roller bearings lower friction and extend crankshaft life
 Side plate eases access to crankshaft and rods
 Replaceable insert bearings extend rod life and simplify service.
 Automotive-type large diameter, ductile iron crankshaft provides extra strength and longer wear
 Cast-iron crankcase reduces vibration

ALL COMPRESSORS ARE AVAILABLE WITH EITHER SPLASH LUBRICATION OR PRESSURE LUBRICATION

HAY EQUIPMENT

Rotary Cutter
 Available in light-duty, medium-duty and heavy-duty models, these cutters are built to take the punishment. Sized from 38" to 11", all models are shear bolt or slip clutch protected. Light and medium-duty models feature a 40 HP gear box and heavy-duty models feature a 65 or 120 HP gear box with standard slip clutch P.T.O. All models have free swinging blades mounted to a round blade carrier and have stump protection. Heavy-duty rubber tail wheels and shielded P.T.O. are standard. Medium and heavy-duty models are constructed from heavy plate steel and structural channel to ensure long life. Cutting heights from 2" to 12". Available in 3-point, pull and hay side models. Made in U.S.A.

Options: • Slip clutches • Land clearing models available
Parts for all make cutters in stock.
 Many other sizes available.

7 Ft	\$2050

Disk Mower Also Available

Size	Price
8 Ft	\$4125

Gribaldi Superior Sickle Bar Mower
 7' dynabalance type mower features latest in design technology. No more broken Pitman rods to worry about. A heavy-duty power head with articulating arms drives both section bar and guard bar providing a dual cutting action. It is possible to cut with the sickle in any inclined position. A safety release with automatic rehooking is provided to prevent damage. This mower is 3 point in design and comes standard with extra section bar.

Drum Mower

Cut Size 4'2" \$2300

Galfre RG Series Drum Mower
 Two counter rotating drums each with four cutting knives, ensure a perfect even cut without damaging crops. The main body is made from cast steel. All transmission components are enclosed in oil bath housings. Benefits of the Drum Mower include minimal maintenance and wear. Because of the high velocity of the drums, faster tractor speeds can be used. Drums ride lightly on the ground and gently cut grass stems without disturbing underlying turf. 3-point hitch allows attachment to most tractors. Standard equipment includes P.T.O. shaft with slip clutch attachment. Sizes of 4 1/2', 5 1/2' and 6' are available.

Galfre Hay Tedder
 Only the highest quality materials are used in manufacturing. All gears are high tempered case-hardened steel. Precision ball bearings are used in assembly of the Galfre Tedder. All components housing that enclose mechanical parts are cast or stamped steel. Swivel wheels are equipped with rubber tires and mounted using double-seal ball bearings to ensure long life. Available in 3-point or pull-type models. All Tedders are easily operated by tractors by P.T.O. shaft. 2 and 4 rotor models are available sized from 8' through 17'.

Model	Type	Size	Price
C-250	3 Point	8'2"	\$1140
GTS-280	Pull	9'	\$1280
GTS-420	Pull	13'6"	\$2500
GTS-520	Pull	17'	\$3115

Galfre AG300 Power Rake/Windrower
 Advanced technology and high quality have made the Galfre Circular Windrower the latest innovation in hay making. As a result of many years of experience, Galfre developed a power windrower. The foder remains clean and free from stones and earth, maintaining maximum quality and nutritional value. The gentleness of this machine makes it ideal for raking clovers and alfalfas without defoliating. Each swath is raked completely even. Galfre Windrowers are 3-point hitch mounted and require a minimum of 20 HP.

Width	Price
10'6"	\$1750

Optional Slip Clutch \$250
