ENGINE DESIGNS THAT MAKE EVERY DROP COUNT

2755 Tractor **STOP IN TODAY.**

★ Ask For Special Price On 146 & 175 Loaders!

■ Come check these 65- to 95-hp tractors for outstanding economy. Especially fuel economy!
It's due to John Deere features like a manifold design that keeps intake air cooler...low-friction, high-rpm pistons. low rpm. Plus other engine features that skimp on fuel but not on power.
You've got a steep torque rise of up to 24 percent for great power reserve at 80 percent of rated engine speed
■ Ask for a demonstration and see. Then check over the other standard features. They'll make you wonder why we call them "economy tractors" until you see the prices

JD 2555 MFWD 65 HP Turbocharged With 16 Speed Hi-Low Shift Trans., Fold-Down Roll-Gard And Much More! Cash Or Standard Rate Financing **\$25,900... Or...7.9% Variable Rate Financing** For Up To 60 Mos. For Qualified Buyers.

SUPER SAVINGS ON HARDI SPRAYERS

COMBI-3 and COMBI (Hy)

High-power units
The COMBI series of mist-blowers utilizes the turbo-fan blower concept which has a proven high performance record. COMBI models are built around a basic blower on which it is possible to mount different spout combinations: one spout, two spouts, or five spouts

Ideal for tall trees, or for one sided applications in very dense crops.

Shoot For Distance - Sweet Corn, Vegetable & Fruit Growers! LP/TP PNEUMATIC SPRAYERS

TP 250 Cannon Pneumatic Mistblower (Demo.) **\$6,200**

The LP (mounted) and TP (trailer) pneumatic sprayers are an excellent choice for a wide range of spraying jobs. The pneumatic system uses low pressure nozzles combined with high air speed. Atomization takes place only when the air blast meets the liquid from the nozzle (air shear system). This ensures uniform coverage of the complete canopy even when spraying at very low volumes.

MINI-Variant A variety of uses

Foliage Treat Strawberries, Potatoes & Other Row Crops

The standard MINI blower has been mounted on a high for the Variant mistblower range and uses ten long flex hoses with adjustable spouts mounted on a boom to maximize penetration in dense row crops such as strawberries, cabbage, carrots, beans, onions, brussel sprouts, potatoes, lettuce, pea nuts, celery, soybeans, cotton, nursery stock, etc.

w/26' Hyd. Boom (Demo) **\$3,695** w/20' Mech. Boom (Demo) **\$2,995**
