

National Jersey Convention

(Continued from Page A31)

The 1991 recipients include Lisa and the late Stanley Paul Bain, of Bain Jersey Farm, in Pickton, Texas; James and Jodi and Terry and Susan Bolen, of Highland Jersey Farm, Fremont, Ohio; Jeff and Alta Mae Core, of Keightley and Core Jerseys, in Salvisa,

Ky.; Sean Dooher, of Rebob Farm Inc., Tillamook, Ore.; Margaret Dunbar, of Wintergreen Jerseys, Binghamton, N.Y.; Michael and Donice Frey, of Frey Jersey Farm, of Wamego, Kan.; and W. Owen Unkefer, of Ufashion Jerseys, Columbiana, Ohio.

In addition to the awards and other activities, the 34th National Heifer Sale was held Saturday evening at the Hagerstown Speedway and was called a success by organizers.

The total sale gross was \$147,600 on 56 animals, no embryo transfers. The average

price of the sale was \$2,636.

The top selling animal, Temple Hill Letter-ET, was bought by Sail-On-Jerseys, of Rockford, Ill., for \$6,500. It was consigned by

James K. and Gerrie L. Ricert. Three other animals sold for at least \$5,000, and five sold from between \$4,000 and \$4,999.

Sale Reports

ROYER ESTATE SALE

A Public Auction of a Pa. brick farmhouse, antiques and household goods was held June 29 for the estate of Lela E. Royer, 118 E. Main St., Brownstown, Lanc. Co., Pa. There were 400 registered bidders at the sale.

The real estate consisted of an 18th Century Pa. brick farmhouse, 2 garages, a wooden barn and a chicken house on 4.281 acres of land. It was sold to Charles Guest of Pittsburgh for \$310,000.

ALAN DIFFENBACH AUCTIONEER-AU-2258-L

A SPONGE HOLDS MUCH MORE WATER THAN A BRICK.

That is why our customers' crops are better than their neighbors. Their subsoil holds those spring rains because the farmer did not kill his earthworms, which also give the best manure free.

OUR LIQUID FISH FEEDS THE CROPS WELL THRU THE FOLIAGE IN A DROUGHT.

It's high mineral and trace element content supplies the missing elements for healthier and higher protein crops. The livestock consumers benefit as well as the soil and crops. Spray it on alfalfa when about 4 or 5 inches tall. The pores open up in the evening to let in the dew. Costs only about \$3 to \$7 per acre, and produces a larger, more nutritious crop. It will also make your crops more insect resistant. Our customers are successfully weaning themselves from insecticides and are happy. We want to make you happy too, and more free from pollution.

WE ARE LOOKING FOR SPELTZ GROWERS FOR SOWING IN SEPT. OR EARLY OCT.

Which yields about 90 to 150 bu. per acre at 10¢ per pound. It is extra good feed grain.
