Save Green on John Deere Green

ENGINE DESIGNS THAT MAKE EVERY DROP COUNT

2755 Tractor
STOP IN TODAY.

■ Come check these 65- to 95-hp tractors for outstanding economy. Especially fuel economy! It's due to John Deere features like a manifold design that keeps intake air cooler...low-friction, high-ring pistons...low rpm. Plus other engine features that skimp on fuel but not on power. You've got a steep torque rise of up to 24 percent for great power reserve at 80 percent of rated engine speed. ■ Ask for a demonstration and see. Then check over the other standard features. They'll make you wonder why we call them "economy tractors" until you see the price.
