**BEILER ENGINE  
SERVICE**

This twin 20 hp is becoming very popular for hay balers and other applications traditionally equipped with 2 cylinder Wisc. engines and can also replace the older 4 cylinder engines on some applications.

This engine has been in use on hay balers for over 10 years and is doing a very good job. We can also mount Wisc. clutches or reductions on it for some applications. Fuel efficiency is very good.

Buy now while we still have this heavy duty engine. New model coming next year.

- ★ New Wider Heavy Duty Super Sprag 1-1/32" Wide
- ★ 5 Yr. Warranty Against Sprag Failure
- ★ Price \$695.00

We are pleased to announce a major improvement in TA strength & performance backed up by a warranty that is unmatched in the industry. The 5/8" width Dana sprag which we have used over the past 10 years has proven its ability to perform under the most adverse of conditions and has achieved results that have sent our competitors scrambling to keep up. By increasing the width of the sprag to 1-1/32" and caging it in a heavier frame, we now have an unmatched shock load capacity and dramatically raised our load carrying ability. Our studies have shown that 90% of TA problems are directly related to sprag failure. We feel that we now have the strongest sprag & best rebuilt TA available and it will be warranted as follows:

- \*5 yr - 100% parts & labor against sprag
- \*2 yr - 100% parts & labor on remainder of unit

Our standard heavy duty TA is still available at \$645.00 and carries a \*2 yr. - 100% parts & labor warranty.

\* Certain restrictions apply and there will be a maximum labor pay out of \$450.00

We also have units & parts available to rebuild old style TA's, including ramp & carrier sets

NEW price on ramps & carriers - \$200.00

**QUALITY  
USED PARTS**
