

## Cumberland County

The family farming operation of Curtis and Ann Day is located near Shipensburg in Cumberland County. They have 120 acres and milk a herd of registered Holsteins with 58 milk cows and 38 replacement heifers. The herd average is 21,100m, 789f, 706p. The herd is classified with BAA 104.5 with four excellent and 22 very good cows in the barn. The Days, along with Curtis' parents Roger and Lucille and their children Matthew, 13; David, 11 and Sarah, 8; moved from Maryland two years ago. The herd prefix is Tri-Day.

## Dauphin County

At the Grandview Farm of Mel and Marilyn Nissley, located near Middletown in Dauphin County, they work with a lease program drawn up by Penn State. The Nissleys do the field work and Donald Groff is in charge of the dairy operation. They started this arrangement two years ago and it is working out well. They have 75 cows plus the young stock. The herd average is 17,000 lbs. of milk, and they farm 250 acres. The Nissleys have four children, Jeff, 12; Jason, 9; Renee, 7; and Jeremy, 3.

## Dauphin County

Bruce and Margret Zell have owned the Will-Adele Farm located near Hummelstown in Dauphin County for 46 years. Their son Larry is now taking over the farm where they have 200 head of Holsteins. They milk 85 cows in a double six herringbone milking parlor. In addition, they raise their bull calves for beef and have a grain drying operation. The Zells farm 450 acres.

**Congratulations**  
**DAIRY OF DISTINCTION**  
**AWARD WINNERS**

**THE WESTFALIA**  
**BIO-MILKER**

*It's Something Else!*

Would Fast Milking, Good Clean Milk Out, Minimal Liner Slip And Reduced Udder Stress Benefit Your Cow's Performance?

**WHO IS THE PATENTED BIO-MILKER FOR?**

*Any Dairyman Concerned With Both Udder Health And Milking Efficiency.*

The Bio-Milker features a synchronized automatic air-inlet valve just under the teat tip. Air enters only during the release phase. A perfectly timed air burst quickly moves the milk away from the teat. This reduces the risk of infection by limiting teat impacts. Also, vacuum is utilized to provide a biologically desired pressure release of teat tissue. Westfalia's Bio-Milker is the ultimate in milking quality.
