RYE SEED

Danko Rye Seed offers many advantages including yields approaching wheat (up to 80 bu/acre) plus high resistance to winter injury, lodging & sprouting.

Danko is a fine-seeded rye & Davey-Joan's is a major propagator & source in the northeast. In past wet years no lodging or sprouting has occurred.

We have clean seed available in both bulk truck or trailer loads and in bushel bags at \$6.00 bagged or \$5.50 bulk per bushel - FOB Williamstown, N.Y. Please call for quotes on Tractor Trailer Load Quantities.

This year, you need more than feed. You need good business ingredients.

With milk prices reaching an all time low, milking cows isn't your biggest expense. It's Feeding. In the months ahead, the right ration could make the difference between profit and loss.

At Pillsbury, we've got the feed ingredients and feeding know-how to keep your dairy business strong. Our complete line of dairy feeds — wet brewers grain, mineral mixes, milk replacers, and many more—

Pillsbury

can help you reduce feed costs, and still feed a nutritionally balanced ration to your herd.

Our feed consultants are experts in dairy feeds and nutrition. They can provide you with computerized ration formulation, forage sampling and nutrient testing. And, of course, all our products. For your dairy farm, these are good business ingredients. From Pillsbury

Good Business Ingredients.

If The Forage You Chop Is Drought-Stressed... Test It For Nitrates

Drought-stricken fields of corn, sorghum and legumes are most apt to contain harmful levels of nitrate, particularly those that have been heavily fertilized with manure or nitrogen fertilizer. Excessive levels of nitrates can cause lower production, reproduction problems or even death.

We are a full service testing laboratory. Contact us at our toll-free number 1-800-659-7542 for price list and sample mailers.
