

COME TO BINKLEY & HURST BROS. INC. WEST 3rd ST. DISPLAY AT AG PROGRESS DAYS AND SEE THE QUALITY KINZE LINE AND...

# How KINZE designed the world's best Auger Wagon.

SEE THE ALL NEW 450 GRAIN CART AT AG PROGRESS!

Low-profile extra-big tank means more clearance for the combine auger. Less than 10 ft height on all models.

We put the auger up front, where you can see it. Control it. Over 12 ft unloading height.

Hydraulic fold, self-aligning augers, and over-center locks. 3-minute unloading with vertical and horizontal augers. You unload at full capacity, wet or dry, from start to finish. Less grain damage because augers run full. Much more efficient than single auger carts.

High-flotation tires standard equipment! So you keep moving, even in soft, greasy fields.

Finest American-made, industrial grade components money can buy, with chain oiler and grease bank for easy maintenance.

2:1 sprocket reduction drive system. Especially important when unloading high-moisture grain.

**Did You Know:** The Heavy Series Of Kinze Corn & Bean Planters Can Do A Better Job Of Seeding In Hard Compacted Soil Conditions Than Most No-Till Drills? Our Customer Testamonies Have Proven The Fact, Stop In For Details.
