NEW AT BINKLEY & HURST BROS.
FROM SUNFLOWER:

MODEL 4010/4110

SUNFLOWER

COULTER RIPPER

Sunflower's Coultter Ripper is for today's conservation minded farmer demanding deep tillage with minimal residue disturbance. These durable machines feature adjustable front mounted coultters on 7 1/2" centers. The coultter blades have an added advantage of slicing hard ground to keep clod size to a minimum. The V-bar ripper design gives added trash clearance and pulls smoother than straight-bar rippers. These coultter rippers are built Sunflower tough and no ballast is added to the frame increasing the structural strength. Check out Sunflower's latest edition to its growing family of quality tillage equipment at a farm show or dealer near you.

Conservation Tillage Equipment Built SUNFLOWER Tough!

Adjustable Coultter Gangs
The 4010/4110 both feature adjustable coultter gangs that can be raised completely in clean ground Ratchet Jack Adjustment is standard equipment (see right photo). Optional Hydraulic Gang Adjustment (see left photo) makes on the go changes or raising the coultters completely out of the way an easy task from the tractor seat.

THE DISC FOR THOSE WHO DEMAND EXCELLENCE

• IN DESIGN • PERFORMANCE
• CUSTOMER ACCEPTANCE

You just can't beat this one! It's at the top of the chart in performance and at a price you can afford. Come by and let us show you just how much quality your dollar can buy!

RICHARDTON

MODEL 750 MULTI-PURPOSE DUMP WAGON

The Model 750 dump wagon features a 1000 cubic foot capacity box, low center of gravity, high dumping clearance and a rugged frame. The diagonal slide and dump system allows easy access to the center of your truck.

See Us For All Sizes Available

SAVE: Labor • Time • Equipment

30,000 lb. lift capacity

When Your Truck Reaches The Blower, Just Back Into Your RICHARDTON Conveyor Box, Dump Your Load And Race Away For The Next!
LOOK AT THIS ALL NEW STATIONARY CONVEYOR FEEDER BOX!

Box Construction:
10' x 16' with 32" sides, 14 gauge steel sides, 3/4" plywood resin coated fiber overlay floor

Cross Conveyor:
22" wide, D682 pitline chain, variable hydraulic speed control, 34" long fold up extension adjust up to 37" high

Hydraulic Requirements:
Approximately 13 GPM at 1730 PSI

Apron:
D687H pitline chain assemblies

Beaters:
Dual spiral type

Reversible Conveyor:
Delivery can be converted to the opposite side

BIG CAPACITY: 10'x16'x32" stationary feeder holds 425 cubic feet or 340 bushels allowing your truck to return to the field for another load. The Richardton Model SF16 Stationary Feeder automatically and evenly feeds into the blower.

HYDRAULICALLY DRIVEN: For smooth trouble free operation. Two hydraulic control valves allow operator to run floor apron independently of cross conveyor and beaters.

EASY TO MOVE: Equipped with two-wheel axle, center hitch and jack. Hitch may be left on when feeder is in use.
