113 Days

4624
118 Days

New Funk's G brand hybrids deliver consistent performance even under the stress of heat, drought, marginal soils or disease pressures. So you'll get virtually risk-free performance in good years — and in bad years.

Backed by CIBA-GEIGY research

You see, these hybrids are backed by nine years of CIBA-GEIGY Seed Division research. With local testing in growing conditions just like yours. That kind of research produces hybrids capable of standing up to anything mother nature has to offer. Hybrids that maximize your profit potential, while minimizing your risks.

Get complete performance

Plus, you get performance across the board. With big yields. But with 95% or better standability... 25% or less moisture... and

intactness ratings under four. And you get all that in the maturity groups you need to spread your risks even more.

Limit your risks

Get risk-free performance on your farm today by calling Hoffman Seeds, Inc. You'll enjoy the peace of mind that comes from planting these new Funk's G brand hybrids.

Toll free: 1-800-776-7929

Hoffman Seeds, Inc.

Landisville, PA 17538

FUNK'S G® WE'RE PLANTING THE SEEDS OF CHANGE.

The limitation of warranty and remedy on the tag attached to each bag of Funk's G brand hybrids and Hoffman Seed sold is a part of the terms of sale thereof. Funk's G is a brand name. Number identify products.

717-442-4181 business
215-458-8518 home Glenn S. Frame Mgr.

1st Sale
Wed., Dec. 4th!
Receiving Tobacco Mon. & Tues.

ATTENTION TOBACCO FARMERS

We have been informed from several tobacco folks in the South that the Burley crop has cured early, lots of help is available for stripping, and tobacco will also be available for market earlier. It is important that you know that your 609 tobacco gets blended with Burley; therefore, we feel you should put emphasis on early stripping this year, so you're ready when the market is!! Help is easy to find, so hire some - GET STRIPPED!!!
