OPEN HOUSE

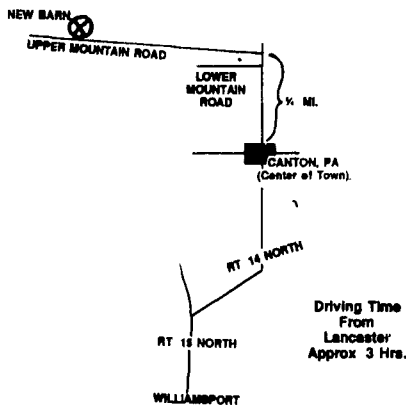

FRIDAY - NOV. 15 - 10:30 A.M. - 2:30 P.M.

Hickok Enterprises and Pennfield Feeds cordially invite cattle finishers or those interested in finishing dairy beef to see Hickok Enterprises all new partially slatted beef growing barn. Hickok Enterprises has built this 400 head facility to produce high quality Dairy Beef Steers that weigh 400-500 lbs. for sale to beef finishers. These calves have been raised on the Tend-R-Leen Dairy Beef Program, are uniform in size and weight, are properly vaccinated, and ready for the Tend-R-Leen finishing program.

The original no-roughage feeding program

Tend-R-Leen: A Profitable Way to Feed Beef Cattle.

The Tend-R-Leen program is simple and convenient with no complicated formulas. Cattle eat only whole shelled corn, rolled milo or barley supplemented with the Tend-R-Leen formula and mineral. The Tend-R-Leen program eliminates roughage feeding, expensive storage and processing. There is no grinding; less equipment and labor are needed. And there's up to 50% less manure produced. The Tend-R-Leen program gets animals to market weight in 12 months or less.
