Simple and Accurate

The New 9000 Air Planters by New Idea

Positively Accurate

Our positive air metering system is the most simple and accurate planting system available today. There are no fingers, belts, or seals. The only moving part is our edgedrop seed disc so the system is easy to maintain.

Simple Preparation

Planting preparation has never been so simple. You can quickly shift sprockets to adjust seeding rates. The depth control

adjustment is easy to reach and requires no wrenches. And our new 2 bushel hoppers let you spend more time planting, and less time refilling.
