- U.S.D.A. accepted

Glasbord panel is a tough, semi-rigid wall lining material of fiberglass reinforced plastic — superior to metal and painted finishes. It installs easily in any type construction and is suitable for building new or refurbishing. Available in a variety of sizes, complete with all accessories. Also available with low smoke development, fire retardant properties. Ask about low smoke Fire-X Glasbord paneling.

ACCESSORIES: Vinyl moldings are available. They add to the finished appearance and aid in making a watertight installation. Styles:

DRIVE RIVET

You can expand them into solid furring strips, masonry walls or any other rigid backing.

Automatic SOIL MOVER

DO IT YOURSELF WITH A SOIL-MOVER

SCRAPE IT

With your tractor and a Soilmover, you can keep feedlots cleaner, handle manure easier, even build a complete run-off system or manure-handling facility.

LEVEL IT

The cheapest land you can buy is the land you save by eliminating low spots. There's a Soilmover with precision cut and controlled spread for best results. Laser capability provides pin-point accuracy. Soilmover makes your land its level best.

DAM IT

Create a dam as part of a run-off control program. Build or repair terraces and do it all with your tractor and a Soilmover. No one offers a more complete line of farm-size scrapers. Soilmover — the Problem Solvers.

Models LPM 200, LPM 400 And LPM 600

OPTIONS: Mill motor, system control timers, accessory hopper, flow control switch, discharge augers, leg kit, overhead kit, scale, meters and timers.

Automatic SPRAYERS MS MODELS — PTO UNITS 3-POINT UNIT

Here's the newest idea in economy sprayers. Compact, light-weight, with minimum power requirements to work with big jobs in small spaces. The MS series operates efficiently with garden tractors and small diesels. 15-40 h.p. It's ideal for acreages, nurseries, estates, parks and small truck farms. The MS is suited to a wide range of uses, but it's particularly adapted to mosquito and fly control. Polypropylene roller pump feeds the nozzles which eject chemical into jet stream produced by the centrifugal fan, creating a high-speed cloud of active ingredient. Available with 25-gallon tank. Operates from PTO (540 RPM). Category 1 3-point mount.

Many Other Models Available!
