113 Days

4624
118 Days

New Funk's G brand hybrids deliver consistent performance even under the stress of heat, drought, marginal soils or disease pressures. So you'll get virtually risk-free performance in good years — and in bad years.

Backed by CIBA-GEIGY research

You see, these hybrids are backed by nine years of CIBA-GEIGY Seed Division research. With local testing in growing conditions just like yours. That kind of research produces hybrids capable of standing up to anything mother nature has to offer. Hybrids that maximize your profit potential, while minimizing your risks.

Get complete performance

Plus, you get performance across the board. With big yields. But with 95% or better standability... 25% or less moisture... and

intactness ratings under four. And you get all that in the maturity groups you need to spread your risks even more.

Limit your risks

Get risk-free performance on your farm today by calling Hoffman Seeds, Inc. You'll enjoy the peace of mind that comes from planting these new Funk's G brand hybrids.
