Ford 1520 Compact Tractors that fit you — and your needs, too... As Well As Being Priced Right!

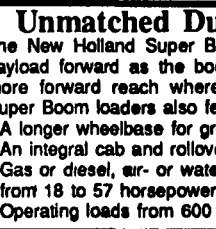

Ford compact diesels give you more power than you'd expect from a compact diesel. They offer a bigger average cubic-inch displacement (CID) than leading competitors so the engine doesn't have to work as hard to generate its horsepower. And that means lower rated engine speeds, less wear and noise and better fuel efficiency.

Stop in and see the Comfortable Ones. There's one just right for you.

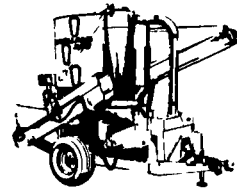

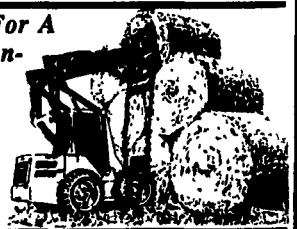

Our 86-horsepower Model 7710 has big power. The 268-cubic inch turbo-charged diesel engine puts acres behind you fast. And it's fuel-efficient, too.
