

Bale faster and denser with a "D 1000"

If you want denser square bales while baling at faster speeds, you'll want to take a look at the New Holland "D 1000" mid-size square baler.

The "D 1000" makes bales measuring 2x3x8 feet and weighing up to 700 pounds. Yet, it requires just a 90-horsepower tractor for

According to recent field tests, the New Holland "D 1000" bales more tons per hour compared to conventional square balers. Plus, it lowers hay losses, with an average 15 percent denser bale.

Come in today and see the "D 1000" for yourself from Ford New Holland.

Throw 'em

The new "72" New Holland bale thrower from Ford New Holland lets you fill a wagon completely without hindering baler capacity.

- Simple design is easy to adjust, service and install.
- Handles bales without scuffing, up to 40 inches long and 70 pounds in weight.
- Distance indicator is easily visible from the tractor seat.
- Wagon hitch attaches to the axlenot the chamber-to keep towing stresses where they belong.
- Fits the New Holland balers, Models 565, 570 and 575.

Come in today. Ask for a demonstration of the new "72" thrower . now at our dealership.
