**WINCO PTO GENERATORS**  
Power fails at the worst possible  
time—restart your whole farm with  
the number one PTO generator  
the world over!

ENERGX Corporation, the world's largest PTO  
generator manufacturer, designs Winco PTO units  
from the ground up for farm standby power. Built to  
handle motor loads for the duration of the power out-  
age, and rated for continuous duty operation.

Big motors in your feed room groan to a halt. Vent  
fans, milk coolers stop. There are no lights, no heat-  
ing, and no power in the house. For how long?  
Nobody knows! But with a Winco PTO generator,  
your farm will be back in business in minutes.

Winco PTO generators are available in sizes from  
8KW to 75KW continuous duty. The Maxi-Watt® field  
coil windings provide extra capacity to restart a big  
farm at the busiest time of the day.

Winco PTO units will run a combination motor load of  
up to 1 HP per KW.
