FICKES SILO COMPANY, INC.
NEWVILLE PENNA 17241

VAN DALE

Dependability through Quality

\$600 BALE PROCESSOR

Engineered & Designed By Van Dale...

NEW!

ONLY ONE OF ITS KIND ON THE MARKET TODAY!

BALED HAY CAN NOW BE MIXED

Baled hay can now be processed into a condition suitable for mixing with other TMR materials in all types of mixers: auger, tumble or reel type. With the Van Dale Bale Processor, you can incorporate baled hay into your ration with less stress on your mixer and be assured of getting the maximum benefit from both your hay and your mixer.

ELIMINATES THE DUST AND MESS

The Van Dale Bale Processor uses a hydraulic ram to push the hay bale through a set of hardened steel knives slicing it into a more mixable 4" to 6" average length material without pulverizing the fragile materials in the bale.

FEED THE LEAVES-NOT JUST STEMS

Don't let your valuable feed nutrients disappear in a cloud of dust. Unlike a conventional bale chopper or tub grinder with high speed cutting knives which turn leaves into powder, the Van Dale Bale Processor retains up to 97% of the valuable leaf portion of your hay to be incorporated into the TMR ration.

- ★ ALL NEW... Process Hay For Use In T.M.R.
- ★ No Dust ★ Only One Moving Part
- ★ Use With All Mixers Including Tumblers & Web Chain Units
- ★ Quiet ★ No Loss Of Hay Leaves
