Progressive Farmers Produce Quality Milk

TROY (Bradford Co.) — Five Progressive Dairymen's Cooperative members received recognition for their outstanding quality milk production for 1991.

The awards were presented by Glenn Baker, of United Dairy Services, during the cooperative's annual meeting held late March at the Edgewood Restaurant in Troy. Progressive is a member of United Dairy Services in Seneca Falls, N.Y.

Each year United provides these awards to the top quality producers in each of its member cooperatives in recognition of the outstanding efforts made by its members to provide quality milk going into wholesale dairy products for the consumer.

It is the first year that all awards went to Pennsylvania producers.

Tied for first place this year were Charles and Paul Allen, of Granville Summit, and Judy Wheeler of Tioga. Each received a plaque and a check for \$50.

Placing third was Michael Stickler of Lawrenceville followed by Dennis and Andrea Eckert of New Albany and Jerry Young of Crossroads. Each of these members received a certificate and check in recognition of their achievement.

United provides marketing, accounting and legislative services for small cooperatives and agricultural organizations. Small cooperatives are unique in that they provide the opportunity for neighbor to help neighbor to improve the quality of life for the family farm.

WATER PUMPS WATER

- No external power
- Pump up to 500 ft. high
- 1 to 800 gpm intake capacities
- Model for every need
- Very durable
- Pump 24 hrs./day
- Minimal repairs
- Parts always available

MOVE MORE LIFT MORE DO MORE!

The new L-Series Kubota tractors are designed to finish every light construction job with power, ease and improved working efficiency.

Increased front loader lifting capacities help you move more material and lift heavier loads. A powerful hydraulic system results in shorter cycle times.

You'll also be able to do more with the compact Kubota L-Series — 23-49 PTO HP, tight turning radius and 4WD. And the innovative "Ever-Clutch" — a first-of-a-kind wet clutch that doubles clutch life and even comes with its own warranty.

Demanding construction jobs demand more options. The L-Series has them, including a hefty 3-point hitch, a variety of performance matched implements and industrial tires.

Come see how much more you can do with a Kubota.
