WINCO PTO GENERATORS

Power falls at the worst possible time—restart your whole farm with the number one PTO generator the world over!

ENERGX Corporation, the world's largest PTO generator manufacturer, designs Winco PTO units from the ground up for farm standby power. Built to handle motor loads for the duration of the power outage, and rated for continuous duty operation.

Big motors in your feed room groan to a halt. Vent fans, milk coolers stop. There are no lights, no heating, and no power in the house. For how long? Nobody knows! But with a Winco PTO generator, your farm will be back in business in minutes.

Winco PTO generators are available in sizes from 8KW to 75KW continuous duty. The Maxi-Watt® field coil windings provide extra capacity to restart a big farm at the busiest time of the day.

Winco PTO units will run a combination motor load of up to 1 HP per KW.
