

Landmark Genetics Acquires Bull From Woodbine Farms

HUGHSON, Calif. — Woodbine-K Bstar EMIL-et, Reg. 2139373, a young Holstein bull bred by Woodbine Farms Inc, Airville, Pa., has been selected for sampling in the young sire proving program of Landmark Genetics.

His semen has just been released for use in herds on official DHIA test throughout the United States.

As a member of Landmark Genetics' "GO" (Genetic Opportunity) Program, EMIL is undergoing thorough testing. He has successfully passed his health tests and the goal now is to get a minimum of 50 daughters milking in 40 herds across the U.S. for a high reliability on his first proof.

Pete Blodgett, president and general manager of Landmark Genetics, said, "We've selected this youngster because of his out-

standing bloodlines. EMIL is a Blackstar son, a sire noted for big, milky, deep ribbed daughters with strong ligaments and correct teat placement."

His dam is the EX 97, GMD DOM Northcroft Ella Elevation, the all time All-American aged cow with over 2,000F. She is the dam of many Very Good and Excellent daughters including Woodbine-K Valiant Eleanor, EX 93, GMD, DOM with 34,807M 4.3% 1,490F and 3.2% 1,103P. Ella's sons and grandsons have done very well in many countries.

Semen from EMIL, according to Blodgett, will be available for sampling in the "GO" Herd Program for the next 60 to 90 days.

For more information, contact Landmark Genetics, (209) 883-4001.

RYAN KNOWS RHINO

"Some things are just built tougher than others."

Nolan Ryan
Star Pitcher
and Rancher

SERVIS-RHINO equipment is a tough, top-quality line that has evolved from some 60 years of business and product development. The long line of equipment carrying the RHINO name ranks at the top in the agricultural as well as the commercial-industrial field.

From its early years as the Servis Equipment Company, to its status today as one of the recognized leaders in the agricultural industry, SERVIS-RHINO has grown steadily and established a solid, industry-wide reputation for consistency, dependability and superior field performance.

At SERVIS-RHINO we benefit

from energetic, innovative management and an imposing array of high-tech resources. The combination provides stability and unique developmental opportunities unavailable to most competitive manufacturers.

With the assistance and support of our parent company, Alamo Group, and by maintaining our hard work and constant pursuit of quality, we will continue to deliver the highest quality products to our customers.
