"When Our Dairy Was Destroyed, Old Guard Came Through."

"We were devastated when fire destroyed our three-barn dairy complex and most of the livestock. Fortunately, Old Guard responded promptly. In just two weeks we had a check for more than \$440,000."

"Dairy farmers like Bill Johnson know how important it is to have the protection of Old Guard's prompt, efficient claim service. When you want dairy insurance you can rely on, look to Old Guard. We've been insuring dairy farmers since 1896. Dairy farmers like Bill. Dairy farmers like you."

Call today to find out more about our insurance programs designed to meet the specific needs of dairy farmers.

Bush Hog dealers throughout North America can now offer their customers a new Bush Hog limited warranty on flex wing cutter gearboxes for three years from the date of purchase rather than the previous one-year warranty.

Bush Hog Increases Cutter Warranty

SELMA, Ala. — Bush Hog has increased the time covered by the limited warranty on the gearboxes of its flex wing cutters by 300 percent.

Bush Hog dealers now offer their customers a new Bush Hog limited warranty on flex wing cutter gearboxes for three years from the date of purchase rather than the previous one-year warranty, said Robert O. Moore, Bush Hog vice president, sales.

The new limited warranty has been made retroactive to cover all Bush Hog flex wing cutters retailed since January 1, 1992.

"We believe this warranty is the longest and the most comprehensive in the industry," said Moore. "It illustrates the confidence we have in our flex wing cutter gearboxes which are designed and built to Bush Hog specifications developed over the more than 41 years we have been in the rotary cutter business."

Moore said announcement of the warranty was timed to match with the summer cutting season so that dealers would have the best opportunity to inform their customers of the new limited warranty and its benefits.

Bush Hog dealers will repair or replace Bush Hog flex wing rotary cutter gearboxes under warranty for three years at no cost to the customer and with the standard labor rate paid directly to the dealer by Bush Hog.

"This announcement is a very real demonstration of Bush Hog's confidence in the quality of the products and service provided by the company's more than 850 employees," Moore said.

In addition to backing up its flex wing cutter gearboxes with a three-year warranty, Bush Hog also will ship the parts needed to replace or repair a warranted flex wing cutter gearbox with 24 hours or the company will pay the overnight air freight.

Gearboxes under the new warranty will be replaced or repaired free of charge to the owner for components and labor when they have failed due to normal wear and tear. The warranty applies to all users including contract mowers.
