Attention Dairy Farmers!
We are currently looking for Pennsylvania dairy farmers willing to participate in a survey. We are a computer software company located in Lancaster County presently developing a dairy herd management application which will be released for sale to the dairy industry in the near future. If you would be interested in answering a few questions about your day to-day herd operations please send your name address & phone number to ICOM 13 S Lane Street Quarryville PA 17566. Participants will receive a small thank you gift from ICOM as well as a \$100 discount coupon should they decide to purchase this software upon its release. This is strictly a survey. No knowledge of computers is necessary and no sales presentation will be made.

A Satisfied Customer...
JOHN R. RODGERS, of Belleville had three styles of fencing installed totaling a mile on his farm. John offers these comments. "I looked at others fencers and determined that Beaver Fence Systems had the people that could do a quality job and a quality fence to keep the cattle where I want them. The flexibility of the fence gives me full utilization of the land with maximum efficiency. The job was completed in two days including a barnyard fence, plus 6 and 4 wire pasture fencing."
