Come See Us At The Lebanon FAIR July 25 - August 1

The following units will be on display and we'll be on hand to answer your questions

Total performance for big crop harvesting

You get total performance when you harvest your crops with a Model 900 forage harvester. Total performance begins at the cutterhead. The 12 knives of the 21-inch cutterhead give you uniformly cut, high-quality forage. Other features on the "900" include:

- Metalert II® electronic metal detector (optional)—protects cutterhead and your valuable animals.
- Electromagnetic clutches—give instant response in controlling feedroll and attachment drives.
- Easy-adjust shearbar—makes adjustment fast and precise.

AGCO ALLIS

OPERATOR FRIENDLY

- **PTO power and versatility.** The independent PTO operates at 540/1,000 rpm with 6- and 21-spline shafts and has a hydraulically-actuated wet PTO clutch. The Category II/1 3-point hitch has a convenient rear remote control and is equipped with telescopic stabilizers. Optional telescopic lower links are also available.
 - **Quality performance and comfort.** The 6600 Series tractors ride on premium Goodyear® radial tires. They have hydrostatic power steering, a tilt-telescopic steering wheel, hydraulically-actuated wet disc brakes and a mechanically-actuated differential lock. AWD models have four-wheel brakes for 40% better braking and an operator controlled front differential lock for tighter turns. All operated from the comfort of the enclosed cab.
 - **Many speed choices.** The synchropower transmission with a separate synchro-reverser offers 12 forward and 12 reverse speeds, planetary final drive and a self-adjusting, hydraulically-actuated clutch. An optional creeper transmission provides 16 forward and 16 reverse speeds, a dual speed option has 24 forward and 12 reverse and a power Hi-Lo transmission provides 30 forward and 30 reverse speeds. All tractor models are available as either 2WD or AWD.
- The AGCO Allis 6600 Series row crop tractors are engineered to put you comfortably in control. In addition to a comfortable cab or a platform and ROPS, you get low maintenance, low operating costs and a 4-year/4,000-hour warranty.

To experience the user-friendliness of the 6600 Series tractors, or any of the "orange" line of AGCO Allis tractors ranging from 40 to 128 PTO hp, stop by or call us soon.
