

Harvest your crop with the best in self-propelled harvesting

If you custom harvest as well as chop your own forage, a self-propelled harvester like the Model 1915 can help you harvest more crop at peak quality. The fuel-efficient 270-horsepower diesel engine and the 24-inch, 12-knife cutter-head give you high-capacity day-in and day-out harvesting. And the exclusive automatic knife sharpener and automatic shearbar adjuster, called Accucut™, combine to give you precision-sharpened knives and a reset shearbar, all from the comfort of the cab.

Stop in today and let us show you the other features of the "1915." Or better yet, let's set up a time to demonstrate this harvester in your own field.
